<p>ACTIONS</p> <ul style="list-style-type: none">  Measures for green IT (e.g. efficiency of data centers or office hardware, virtualization, data life cycle management)  Carbon footprint study  Waste management measures in place  Measures to reduce energy consumption  Measures to reduce paper consumption  Provision of eco-friendly or ethical products  Reduction of energy consumption through innovative technologies  Measures implemented to recycle toners & ink cartridges  Specific processes regarding waste & recycling (IT, newspaper...)  Company takeback programs i  Facilities for collection of end-of-life equipment  Measures to optimize transport or reduce CO2 emissions from transport i  Reduction of energy consumption through employee awareness programs  Eco-driving training provided 	<p>ACTIONS</p> <ul style="list-style-type: none">  No certification of employee health & safety management system  Training of relevant employees on health & safety risks and best working practices  No information on measures regarding structured social dialogue (e.g. collective agreements) i  Emergency preparedness plan to all impacted employees (e.g. fire drills) i  Provision of protective equipment to all impacted employees  Official measures to promote work-life balance i  Employee health & safety detailed risk assessment  Work conditions and provision of work stations adapted to disabled people  Measures to prevent discrimination during recruitment phase  Regular assessment (at least once a year) of individual performance  Active preventive measures for Repetitive Strain Injury (RSI) i  Official measures promoting career mobility i  Setting of individual career plan for all employees
<p>RESULTATS</p> <ul style="list-style-type: none">  Basic reporting on environmental issues i  Reporting on electricity consumption i 	<p>RESULTATS</p> <ul style="list-style-type: none">  Basic reporting on labor practices & human rights issues i  Reporting on health & safety indicators i  Reporting on number of average training hours per employee

ETHIQUE DES AFFAIRES

ACHATS RESPONSABLES

POLITIQUES

- Standard policy on a majority of business ethics issues
- Global Compact signatory
- No supporting documentation or only basic policy on information security

ACTIONS

- No supporting documentation regarding an effective whistleblower procedure to report business ethics issues
- No supporting documentation regarding audits of internal controls on business ethics issues
- No supporting documentation regarding awareness trainings on business ethics issues
- Measures to protect customer or client data from unauthorized access or disclosure
- Specific approval procedure for sensitive transactions (e.g. gifts, travel)

POLITIQUES

- No supporting documentation or only basic sustainable procurement policy on social issues
- Sustainable procurement policies on environment issues

ACTIONS

- Supplier CSR code of conduct in place
- Regular supplier assessment (e.g. questionnaire) on environmental or social practices
- Some supply from companies employing mostly disabled people (e.g. sheltered workshop)
- Selection of partners based on social or environmental criteria
- Choice of eco-friendly office supplies and equipment

RESULTATS

- Standard reporting on sustainable procurement issues
